#### Phonak Charger Case

- A charger, drying kit and protective hard case all in one
- Includes a cleaning tool

#### Phonak Power Pack

- Easily attached to the Phonak Charger Case
- Ideal for short trips where no power source is available

#### Phonak Mini Charger

- Most compact charging option

# When your hearing aids adapt to every sound automatically, life is on

Sound is all around and changes constantly depending on where you are. This is what makes listening a real challenge and the task hearing aids have to perform very complex.

What makes Audéo B and Audéo B-R so special is a **unique operating system** called **AutoSense OS**. It **senses your surroundings** and **adjusts your hearing aids every step of the way**. Just turn them on and the rest is **automatic**.

It doesn't matter where you are or what you're doing. The Audéo B hearing aids were created to simplify your life. And now with the **new rechargeable Audéo B-R**, you can enjoy **24 hours\*** of hearing with **one simple charge**.

\* Expected results when fully charged, and up to 80 minutes wireless streaming time.

# Fully automatic for effortless listening everywhere

The Audéo B product line with new AutoSense OS is designed with your every day listening situations in mind, seamlessly adapting to sounds wherever you are.

AutoSense OS **analyses the sounds around you** every 0.4 seconds and can identify whether you're in a noisy restaurant, car, concert hall or at home. It **draws upon multiple features blending them to** create over 200 distinct settings to **precisely match your sound environment**.

**Without having to adjust your hearing aids manually**, you can enjoy unmatched hearing performance and sound quality... wherever life takes you.<sup>2,3</sup>

It's blending not switching

Over 200 distinct settings & multiple features

# Because two ears hear better than one

When it's noisy around you it becomes difficult to understand what is being said. For AutoSense OS to work effectively, it utilizes a technology called Binaural VoiceStream Technology™.

Two ears hear better than one and this doesn't change when you wear hearing aids. Binaural VoiceStream Technology is designed to tackle challenging listening situations by **simulating what the brain does with sounds from both ears**. This linking of two hearing aids ensures that you **benefit from hearing speech in both ears**, especially in a noisy environment, on the phone or when you can't face the speaker.<sup>4</sup>

# More hearing performance in situations where you need it the most

## Understand more in noise

60% improvement in speech understanding by zooming in on a single voice in a noisy environment - versus without hearing aids.<sup>4</sup>

## Better speech understanding

20% better speech understanding thanks to the automatic selection of the best settings for everyday listening situation.<sup>2,3</sup>

## Hearing in car

37% reduction in effort when listening to conversations in car - compared to prior technology.<sup>5</sup>

## Hear quiet voices

10% improvement in soft speech understanding with our newest products.<sup>6</sup>

## Natural music experience

Top rated hearing aid for music sound quality.<sup>7</sup>

# Phonak wireless accessories to boost your hearing aids

Phonak offers a range of wireless accessories to boost the performance of your hearing aids if needed.

Whether you find yourself having difficulty to understand while watching TV, talking on the phone or listening to music, we developed wireless solutions to suit your every need. They also allow you to fully participate in noisy situations or when there's distance between you and the speaker.

Phonak provides dedicated Roger wireless solutions for the modern workplace, which can be a challenging listening environment and a place where communication is key in order to succeed. Compatible with almost all hearing aids, these solutions make it easier for you to focus on work rather than on your hearing.

---

## Life is on

At Phonak, we believe that hearing well is essential to living life to the fullest. For more than 70 years, we remain true to our mission by developing pioneering hearing solutions that change people's lives to thrive socially and emotionally. Life is on.
