

eAudiology: Why and how to leverage digitalization in audiology

A 12 month webinar series by the Phonak expert circle

Webinar

11

The impact of eAudiology on student training, by Dr. Karen Munoz*

Graduate training =
accelerate adoption of eAudiology

Recommended content of eAudiology training:

- **Technical training** (e.g. use of video chat)
- **Practical aspects** (e.g. how to adjust via remote support)
- **Confidence** (feeling comfortable offering eAudiology services)

Universities are
now including
eAudiology
training
