Select your hearing goals

Phonak has the right hearing solution for you—regardless of your type of hearing loss, lifestyle, personal preferences, age or budget.

### Premium
- Follow discussions in the car
- Enjoy conversations at noisy social events
- Engage in outdoor sports activities
- Enjoy a visit to the museum

**Developed to satisfy those who desire and expect nothing but the best.** Thanks to a complete set of trailblazing solutions that uniquely address all hearing goals, these hearing aids support understanding in even the most difficult listening situations, for example at a busy social event.

### Advanced
- Hear voices from any direction
- Enjoy fuller and richer music
- Chat on the phone
- Enjoy conversations at restaurants

**The perfect balance of performance and price.** An impressive offering of features that enhances hearing ability in a variety of listening environments, including those with moderate levels of background noise, for example at a restaurant.

### Standard
- Converse with colleagues
- Enjoy personal discussions
- Chat on the phone
- Enjoy conversations at restaurants

**Ideally suited for people who expect value in state-of-the-art technology.** A competitive feature set that has the capability to support the hearing demands of daily life with minimal to moderate levels of background noise, for example using the telephone in a public place.

### Essential
- Enjoy personal discussions
- Chat on the phone
- Enjoy conversations at restaurants
- Enjoy a visit to the museum

**The Essential products are designed for people looking for an affordable yet effective solution to enhance daily communication abilities, mostly in quiet or minimal background noise, for example one on one conversations.**
Phonak Wireless Communication Portfolio

Control
Easy to use remote control for your hearing aids and an App for discreet access.

Phone
Talk on the phone at home and on your cell phone with ease.

Connection
Wirelessly stream TV, music, and conversations in stereo quality.

Noise
Understand speech over distance in groups or one-on-one in the most challenging, noisy environments.

Distance
Enhance one-on-one conversations over distance.
## Phonak feature overview

### AutoSense OS
Accurately and precisely adapts to provide a seamless listening experience
Move from one environment to the other, no button-pushing needed

Lifestyle survey

Take a moment ... Listen to your hearing

This page asks you and your loved ones to make notes or share a recent story on four situations in which you would have benefited from improved hearing: with family and friends, at home, in the workplace, at social activities and events.

<table>
<thead>
<tr>
<th>Hearing with family and friends</th>
<th>Hearing at home</th>
</tr>
</thead>
<tbody>
<tr>
<td>Consider each member of your family and your closest friends. How do you stay in touch?</td>
<td>Think about your daily routine. Do you notice moments when you could benefit from improved hearing?</td>
</tr>
</tbody>
</table>

### Hearing with family and friends
- listening to your grandchild ask you 101 questions
- conversing in the car
- talking to your neighbors across the lawn

### Hearing at home
- getting the kids ready for school
- talking on the telephone
- enjoying a summer BBQ
- listening to birds while gardening

### Hearing in the workplace
- Are there different parts of the day when you are looking for improved hearing? When? What is your goal?
- connecting with others at customer meetings
- listening to speeches
- conference calls
- working with loud machinery

### Social activities and events
- What activities and events do you enjoy? What hearing goals do you have to help enjoy these environments?
- eating out at restaurants
- bars
- attending outdoor sporting events
- participating at worship services
- enjoying music

This is your personal record of your solution. Feel free to add notes of your own. Please bring it with you to every appointment.
